Highway 11 Corridor Study Comment Matrix Table – Indigenous, First Nations & Metis Engagement Summary

#	Name/ Organization	Date Received	Correspondence Type	Comments	Response
1.	JL Porte Community Consultation Worker, Chippewas of Georgina Island First Nation	September 16, 2024	Email correspondence	<ol style="list-style-type: none"> 1. I did not realize that section of road was part of King. 2. This area would definitely benefit from enhancement. 	<ol style="list-style-type: none"> 1. Comment acknowledged. 2. Comment acknowledged.
2.	Tom Cowie Land/Resources Consultant Hiawatha First Nation	September 16, 2024	Email correspondence	At this moment we have no questions or concerns regarding these amendments.	Comment acknowledged.
3.	Ameer Idreis Consultation Advisor to MSIFN Scugog First Nation	September 23, 2024	Email correspondence	<ol style="list-style-type: none"> 1. As per page 5 of the Highway 11 Corridor Study Final Discussion Paper (Draft), can you please provide a consultation record of your engagement with MSIFN? 2. Additionally, can you please detail how the overarching goal “to achieve similar land use planning outcomes for all landowners and businesses” will account for differences in parcel sensitivities? For example, land directly adjacent to the Holland River and Marsh should bear considerations for this, while those closer to Bathurst may not have this sensitivity. 3. Can you also provide an understanding of how individual on-site servicing will be assessed to ensure that critical and environmentally protected lands and waterways are not polluted, contaminated, or otherwise impacted. 4. Section 5.3.2 10(g) should also consider providing financial incentives geared specifically toward green and environmental design. 	<ol style="list-style-type: none"> 1. A consultation log with Mississaugas of Scugog Island First Nation is attached on pages 4-6 of this Comment Response Matrix. 2. Comment acknowledged. The draft planning framework aims to provide similar planning permissions for all lands throughout the Corridor by taking a Corridor-wide approach to land use permissions. The intent of this framework is to provide equitable permissions for all lots. However, the draft framework does recognize existing sensitivities and unique characteristics of different parcels. In particular, policies are provided for

#	Name/ Organization	Date Received	Correspondence Type	Comments	Response
					<p>natural heritage features and their associated buffers, recognizing that much of the Corridor is within the Natural Heritage System of the Greenbelt.</p> <p>The framework also provides policies for lands within the floodplain, which would limit permitted uses, and require a number of environmental studies to be undertaken to ensure that development is feasible and appropriate given the individual characteristics of the parcel. For all lands within the Natural Heritage System of the Greenbelt, the draft zoning by-law amendment applies a holding (H) which prevents uses being permitted before technical studies or other planning applications are completed and identifies how the holding (H) provision can be removed. At the development application stage, applications will need to fulfill these requirements which include but are not limited to the preparation of Natural Heritage Evaluations, Archaeological Assessments for lands within an Area of</p>

					<p>Archaeological Potential, necessary permits and clearances from the Conservation Authority.</p> <p>3. Individual on-site servicing is assessed through a Building Permit application process on a site by site basis as new development is proposed. For applications within the Lake Simcoe Region Conservation Authorities regulated area, conformity with their policies on site servicing and water protection would also need to be addressed prior to the Township issuing the permit for the new septic system.</p> <p>4. The Township is currently exploring incentive options for the Township's green development standards program, ThinkKING Green: Sustainable Development Program and will be reporting to Council on incentive opportunities in 2025.</p>
4.	Mark LaForme Director of the Department of Consultation and Accommodation Mississaugas of the Credit First Nation	October 4, 2024	Email Correspondence	At this time, we do not have any feedback or comment, but we would ask that you continue to keep us informed as the project progresses.	1. Comment Acknowledged. Mississaugas of the Credit First Nation will be included on future circulations.
