Good Morning,

I currently live on Kingslynn Drive (King City) with my family and wanted to share my feedback with regards to the Doctors Lane neighbourhood plan.

I am opposed to building up to 3 story building on the Kingslynn/Patton site. I also do not agree with the 4-6 story plan at the Elizabeth Grove site.

This is an established community and these type of residents do not match the character of our neighbourhood. These type of developments should not be built inside an already developed area of family homes. If anything needs to be built, they should be aligned with the current single dwelling homes that are on our lots currently. This community is known for and highly sought after because of the lot sizes and surroundings.

If anything, it would be nice to add and upgrade our community park since it's our main hub for soccer/soccer tournaments, King Food and Drink Fest etc.

Thanks,
Tina
