To whom it may concern:

My wife and I recently built a home in the Clearview Heights area with the plan of raising our two young boys in a picturesque, quiet neighbourhood with many quaint amenities, such as an arena, close by.

The Doctor's Lane Neighbourhood Plan destroys this dream. Replacing charming amenities with commercial ones, having a condo building in our front yard, and introducing what will surely be an immense amount of traffic and congestion to the area is not what we envisioned.

Needless to say, we are strongly opposed to this plan. Coming from the Vaughan area, we watched this exact scenario happen and tried to escape it by becoming residents of King. There has already been a great deal of urbanization in the last few years as it is.

King City is one of the few remaining charming suburban towns that have escaped densification. Don't turn King into Maple!

We hope our concerns are heard, as we know that they are shared by many of our neighbours.

Dimitri and Stephanie Kourkoutis
