David, the attached is a copy of a petition of some names I received walking around Nobleton, however, the majority were received by email. My understanding from my legal friend that if we call these people and get their permission, someone can sign "as per" and this is permitted legally. Is this a fact before we start this process ?

Please let me know. Sorry I didn't bring the petition that night to the arena.

Thank you

Here is the original petition I spoke of with all the names, addresses, and phone numbers. Several of these names were emailed to our group, therefore, no original signatures. Does the Council want the originals of these names. I have 83 original signatures however we will be canvassing again for more signatures during and after Christmas. Please advise the date of the next meeting regarding this proposal.
Thank you for your consideration.
