## **Part I**

### **THE PREAMBLE**

A summary of the background and basis of this document

## **PART II**

### **THE AMENDMENT**

The changes to the affected in the original Official Plan

### **PART I: THE PREAMBLE**

#### **1. Amendment Structure**

PART I – THE PREAMBLE is included for information purposes and is not an operative part of this Official Plan Amendment.

PART II – THE OFFICIAL PLAN AMENDMENT, including Schedule A and Schedule B attached hereto, provides specific amendments to the Township of King Official Plan.

#### **2. Purpose**

The purpose of the subject Official Plan Amendment (“OPA”) application is to amend land use policies of the Our King Official Plan on lands municipally described as 12805 Highway 27, as shown on Schedule ‘A’ attached hereto. The purpose of this amendment is to establish a Village Site-Specific Policy Area that changes the land use designation from “Employment” to “Neighbourhood”, from “Employment” to “Mixed-Use” and from “Employment” to “Parks and Open Space” as shown on Schedule ‘A’, to facilitate a residential infill development consisting of 416 residential lots and mixed-use, park, stormwater management, buffer, natural heritage systems, open space, road widening and walkway blocks.

#### **3. Location**

The lands affected by this Amendment are located on the east side of Highway 27, in the Village of Nobleton in the Township of King. The subject lands have a total area of approximately 57.2 hectares (141.3 acres) and have an approximately 400 meters of frontage onto Highway 27. The subject lands are currently vacant. The subject lands are municipally known as 12805 Highway 27 and legally described as Part of Lot 4, Concession 8. The surrounding area is generally comprised of single-detached residential neighbourhoods, agriculture and farmland.

#### **4. Basis**

The proposed Amendment is appropriate for the following reasons:

1. The proposed redevelopment of the subject land is consistent with the Provincial Planning Statement (2024). The proposed redevelopment is consistent with the proposed amendment to the York Region Official Plan, 2022, as it applies to King, detailed in Amendment No.1 to the York Region Official Plan 2022, as it applies to King. The redevelopment provides for additional residential uses, which will be provided in conjunction within the Mixed-Use area. Prebrick Systems Corp. (the "Owner") intends to provide residential and mixed-uses ensuring consistency with the surrounding built form and open space networks. The subject land is presently underutilized.
2. The proposed development would provide for efficient development at a location where municipal servicing connections have been previously installed. The Functional Servicing Report prepared in support of this development concept concluded that the proposed development can utilize existing municipal services.
3. Various natural heritage features are identified on, and adjacent to, the subject lands, and the proposed development intends to expand on the natural heritage features by implementing parks and open space systems.
4. The proposed amendment is consistent with and does not contradict the Provincial Planning Statement, the Greenbelt Plan, the York Region Official Plan, and the remaining sections of the Township of King Official Plan.
