Good morning,

Please do not approve the horrible development proposed for 326 Main Street in Schomberg when it goes to council next Tuesday, June 17th.

This development is way too big for our precious small town, potentially destroying more of our history and character. It will cause parking problems in addition to the nightmare that happens when trying to drive on Main Street at any time.

It is not in keeping with our small-town values, design and character. It will not add affordable housing and it bends a large number of zoning restrictions.

Please do not allow this monstrosity to destroy our town. I don't see how it will add any value to our town.
