I would like to register my vehement objection to the proposed 91-99 unit condo on Main Street.

It is wholly irresponsible to think that 99+ cars can enter and exit from that complex onto Main Street which is already challenged with being too busy, too narrow, with impatient drivers racing and screeching down the street as they are frustrated with the inability to move more than one car at a time if there is an on-coming car.

With the Community Hall directly across the proposed entrance and all the people traffic that it creates, this is an accident and potential injury or death in the making.

While this is a badly needed residential multi-unit housing complex, PLEASE reconsider this absolutely terrible location. Our safety, and the treasured heritage of the village, depends on cancelling this property development - or SIGNIFICANTLY modifying it to be at least ½ that many units.
