**RE: Council Agenda 10.1 and 10.2  
Member Motions re Review of the Greenbelt**

Dear Mayor Pelligrini and King Township Councillors,

I want to commend the Mayor and Councillors of King Township for addressing, in an open and frank manner, the very important issue of the upcoming Greenbelt review.

This is a very important matter since, as you all know very well, King Township is made up of 98% Greenbelt lands. Therefore, King is a steward of this land and must speak up loudly and clearly to protect it. This is a challenging responsibility due to the increasing development pressures.

I want to thank Councillor Schaefer, who represents Ward 5 where I reside, for having the gumption to begin this discussion.

As there are two similar motions for Council to consider this evening, it appears that this has not been an easy process. I applaud you all for the courage to wrestle with this challenging issue and thank you for your thoughtful engagement.

Yours sincerely,

Catherine Flear
