10. Motions for Which Notice Has Been Given

#10.1 and 10.2

I wish to support Councillor Schaefer's 10.2 motion re review of the Greenbelt as I believe it is the stronger of the two motions that should go forward to the Province in response to the 2025 Greenbelt Review.

I will submit a more expanded but brief case to justify my opinion at the time of my deputation tonight, if that is acceptable.

As always, I am grateful to have the opportunity to speak to Council in a public forum.

Sincerely,

Mary Bromley
