Location of incident: Patricia Dr and Elizabeth Grove			

Please describe in full detail what happened during this incident as well as injuries you may have sustained:

I was walking my dog and as we approached the German Shepherd the owner made it sit and watch my dog as the owner attempted to wrap the leash around her hand and step on the leash. She lost control of the dog and it came for my dog. I picked my dog up into my arms and the Shepherd latched onto the underside of my bicep. It then let go and tried to latch onto my ribs but the owner grabbed the leash. I currently have severe bruising, ~~and~~ scratches, and cuts on ~~my~~ the underside of my bicep.

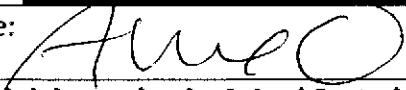

A neighbor at [REDACTED] came out after hearing the attack and secured the German Shepherd for the owner. If it were hit for the neighbor, the dog would have come after me and my dog again. I then left to take my dog home and was in a state of complete shock. I came back after cleaning my wound and reporting the incident to the city. The neighbor who restrained the dog then gave me the attacking dog's owner's address.
